FUTURE PROJECTS

- Future project will invest in both tangible and intangible assets such as properties, etc
- 90% of Money earned through these investments (rental returns, etc) will be used to buyback more properties to boost the future token's value exponentially
- Remaining 10% of the profit will be used to further buyback and permanently burn the governance tokens. That will increase the value of governance the tokens.
- Governance token holder will get direct access to purchase future project tokens.
- Invest, sit-back, relax and watch your investment grow overtime
